PROFILE

I am a Front-End Developer with a passion for creating sleek, high-performance, and user-friendly web applications. I specialize in HTML, CSS, JavaScript, and React.js, with a strong focus on building responsive and interactive UI components. I thrive on problem-solving, optimizing performance, and delivering seamless user experiences. Constantly learning and evolving, I enjoy working on innovative projects and collaborating with teams to bring creative ideas to life.

WORK EXPERIENCE

Gherry-Art.com — 2024 - PRESENT
Re-Design / Re-Code

- Developed and updated an original portfolio website for Gherry-Art.com.
- Built using HTML, CSS, and JavaScript for a modern and responsive design.

Nextpointhost.com — 2023
Modules

- Designed and implemented two functional modules to enhance the platform's performance.
- Utilized CSS, JavaScript, and API integrations for seamless functionality.

CarDealer Ship Website — 2023 - Closed
https://aautobg.com

- Created a fully functional Car Dealer platform, offering listings and dynamic content.
- Built using WordPress, API integrations, CSS, HTML, and JavaScript.

Other Small Projects — Ongoing

- Various HTML, CSS, and JavaScript projects developed over the years.
- Used for personal learning, experimentation, and academic diploma projects.
